TELEPHONE COMPANY WANT TO LAY UNDERGROUND LINES

Charleroi Company Presents Request to Council

TOLD TO COME BACK LATER

Matter to be Presented in Regular Form at Future Meeting

Not to be outdone by any competitors the Charleroi Telephone company through J. J. Hott and other representatives presented to council Monday night a request that they be granted the same privileges as those granted t o the Bell Telephone company to lay their wires and conduits underground. Council told the representatives of the company to have a proposed ordinance printed and present the matter in regular form. The ordinance is being printed today. Contrary to expectations the light question did not come up Monday night.

Reports of the burgess, tax collector and treasurer were read. Burgess George W. Risbeck reported that during the month of July there had been 66 arrests made, and that fines amounting to $79.90 had been assessed. Of this sum, $62.90 was paid, the balance being served out.

Tax Collector J. W. Mathias reported that during the month of July he had turned over to the treasurer for 1909 taxes the sum of $154.18 and for 1910 taxes the sum of $179.26 During the month of June, he reported that he had placed in the treasurer's hand the sum of $266.91 for 1909 taxes and the sum of $138.81 for 1910 taxes.

Borough Treasurer E.. W. Hastings made his report for the month ending July 15. It is summarized as follows:

Balance from last report	$1,098.20
Receipts	839.41
Overdraft	61,649.74
Total	$3,587.35
Disbursements	$3,587.35

Thomas Harington was present in the interests of the Pittsburg Railways company, asking for a siding on Railway alley so that material could be loaded and unloaded. The company would pave an 8-foot strip belonging to them on the exterior of where it was proposed to lay the track so that teams could have room. The matter was held over.

The matter of placing a light on Eleventh street near Lookout avenue was p laced in the hands of Borough Engineer Paul G. Elder to investigate and to make a report to council. Mr. Elder was instructed to make a survey on Second street to determine whether it would be advisable to shange the grade in that street. Mrs. Bowser was present and asked for the grading of Shady avenue between Third and Fourth streets. Engineer Elder was given charge of the matter.

President J.K.Hein was in the chair and Councilmen Dr. A. O. Davis, Oscar C. Linn and C. O. Frye.

Council adjourned to meen Friday when is is probable the matter of the light contract will come up.

FIREMEN CONVENE

Memorial Services Feature Opening Days' Session

MANY DELEGATES PRESENT

The convention proper of the Western Pennsylvania Firemen's Association opened today at Monongahela, with firemen present from all parts of the western end of the State. This afternoon at 2 o'clock memorial services for deceased firemen were held, after the opening of the convention, and R. W. Irwin, Esq., of Washington made the memorial address.

The convention was opened at 2 o'clock by President Cunningham. The address of welcome was made by Mayor I. C. Isler. Crowds began arriving Monday and Monday night there was a large crowd on the streets. The carnival which was in full running order at Gregg's Bottom attracted much attention. Monongahela has extended wide open arms to the firemen.

Will Hold Festival.

The Lady Maccabees of Charleroi will h old a festival on the lot of the Fraternal Order of Eagles on McKean avenue on Saturday evening, August 12, 1911 for the benefit of the Emergency Fund of the lodge. The object of this fund is to give assistance to members of the order who are in need of immediate assistance.

CHURCH LEAGUE ENDS SEASON MONEY AHEAD

Expenditures of $825 Are Overbalanced by Receipts Which Amount to $900 or More

Fifty-six games of baseball in the Charleroi Church baseball league cost approximately $825 this year. But overbalancing this by about $80 there was $900 or more t aken in as receipts. Treasurer C. S. McKean made a partial report of receipts and expenditures Monday evening to the Executive Committee of the league.

The largest item on the list of expenditures was that for repairing the grounds, amounting to about $250. The 56 games played required ten doxen balls which will cost in the aggregate $150. Umpires were paid $104.

The heaviest receipts were taken in for the game on Fourth of July afternoon, a Booster Day game and the Lutheran-Episcopal game near the close of the season.

Last year the total receipts were $921.90 and the expenditures were $481.09. It is likely that a complete report of the expenditures and receipts this year will be published after next Monday night.

A communication was received from the secretary of the Brownsville Chuch league by the Executive committee asking for a game between the champion Lutherans of the Charleroi Church league and the the Brownsville league. It was stated that the Lutherans could not get together again this season and the secretary was instructed to notify the Brownsville people to the effect that a picked team from the Church league here would play if they desired.

POISON CAUSED HICKMAN'S DEATH

Coroner's Jury Renders Verdict in Beaver County Case

TESTIMONY OF DOCTORS

Either strychnine or morphine or both caused the death of Charles Hickman the Beaver county wife murderer, at the Beaver county jail, according to the coroner's jury, which Monday night rendered a verdict. Hickman died a few hours before he was to be hung. The exact nature of the poison and the identity of the persons who administered it were not brought out.

The verdict of the Coroner's jury was as follows: "We find that Charles Hickman came to his death July 18, 1911, in the Beaver jail at 7:56 a. m. from the effects of poison."

Physicians testified that although one-half grain of morphine has been known to kill, this amount had been given Hickman to induce sleep. The morphine was given in two doses. Physicians also testified that Hickman had been given strychnine to keep him alive. A trace of this drug was found in the dead man's liver. Strychnine was administered first and then morphine

Dr. Guy S. Shughart, present at the post-mortem, said that rigor mortis was very pronounced three hours after Hickman had died. Normally this does not begin until three hours after death. But Dr. Shugart said, strychnine starts it much earlier.

FIRE DESTROYS MUCH PROPERTY AT BROWNSVILLE

Fire which for a time threatened the business section of Brownsville, broke out late Monday night in the store of W. A. Griffin and caused a loss estimated at $25,000. It started in the offices of Dr. L. N. Reichard and was discovered by C. W. Rush, proprietor of the Alexander Hotel. The firemen did prompt and efficient work, subduing the flames after an hour's work.

The stocks of Griffin and Toth Brothers are almost a total loss. The loss to Griffin will be $20,000 and Toth brothers place their loss at $8,000. Dr. L. N. Reichard and C. C. Reichard had charge of the state tuberculosis dispensary and laboratory, and instruments belonging to the state, valued at $1,000 were destroyed. The loss on the building is $3,000.

It is the year's greatest sale. Remnant Day at Berryman's, Charleroi, Thursday and Friday, August 10 and 11. 9-2-t

FIREMEN FIGHT AT CONVENTION

Fistic Engagement Mars the Opening Day at Monongahela

ONE MAN IN HOSPITAL

A near tragedy marred opening day at Monongahela of the firemen's convention. Some Etna and Verona firemen it is stated, while on a parade of the streets to the music of cow bells and other similar instruments of torture entered the store of Nick Pizzica. Objections were registered by music-loving foreigners there to their sort of noise and a fight ensued. One Etna man was stabbed, another had his face badly beaten and a third, John Loar was laid out by a blow above the heart. Six foreigners were arersted and fined each $5 and costs by Mayor Isler. Loar is still at the hospital recovering from his injury.

COMMISSIONERS OPEN BIDS FOR RESURFACING TWO COUNTY HIGHWAYS

The county commissioners Monday opened bids for the resurfacing of two pieces of road in the county. One leads from the borough line of Washington to the McClane bridge, a distance of one and a half miles and is known as the Locust avenue road. The other leads from McDonald through the lands of Edward McDonald, a distance of one mile.

The bids were taken for different winds of material such as warranted surfacing, anneisite, tarvia, asphaltic concrete and bituminous material Bids were received on all of these materials but they were not tabulated by the engineers and no contracts were let. As soon as the tabulations are completed the successful bidders will be announced.

DISTRICT MINE PRESIDENT NOT INTENDING TO RESIGN

Donora Will Get Synagogue

Hebrew People Plan Erection of $6,000 Edifice at Steel Town

The contract for the erection of a new synagogue at Donora has been let by the Hebrew congregation of that place to the Allen Lumber company. The new synagogue will cost $6,000 and will contain a basement room and an imposing auditorium. The Donora Hebrew congregation which is known as the Congregation of Ohaw Sholam was organized eight years ago and has had a prosperous history. The present officers are Adolph Moscovitz, president; Louis Fried, secretary; Ben Roth, treasurer and Morris Wise, trustee. The congregation has no rabbi at present but will take steps to secure a regular man after the edifice is erected.

FEARED A WHIPPING

Donora Boy Went to Railroad and Was Run Over

CORONER'S INQUEST HELD

Coroner James T. Heffran held an inquest this morning at Donora into the death of Roddy Sargeant, the 8-year old boy who was killed there last week and a verdice of accidental death was rendered. The verdict was:

"We, the jury, find that Roddy Sargeant came to his death on Friday August 4 from shock arising from injuries received in being run over by Train No 2386 on the P. V. & C. railroad. We further find the accident resulted from the child being on the railroad through fear of correction from the father We exonerat the parent and the railroad men from any blame."

At the inquest it was brought out that the boy with another young chap his own age were upon the tracks eseep but noe awoke in time to escape.

WILL NOT LOSE SIGHT AS AT FIRST FEARED

Michael Patritch, the 18-year old youth who last week sustained serious injuries from an explosion of gasoline, will not lose his sight, according to physicians. It was at first thought the young man would lose his sight entirely, his eyes having been fearfully burned. He was otherwise much burned about the face and upper part of the body but will recover.

No Special Convention of Miners to be Called

FEENEY NOT A CANDIDATE

Charleroi Man Not Out for District Honor--Is Friend of Feehan.

Friends of Francis Feehan, president of District No. 5. United Workers, deny that a special convention will be called in the near future of the miners of this district for the purpose announced of President Feehan resigning his office. Statements have been issued stating that such a convention would be held, but Mr. Feehan and his friends state that no such thing is even thought of.

With the same statement came the announcement that Assemblyman William Feeney, of Charleroi, was slated to succeed Mr. Feehan as president, and this seemed to be rather galling to those who furnished the news..

Mr. Feeney this morning stated that he had not been appointed by any of the miners with the request that he be placed on the slate to succeed Feehan.

"It's true that I am friendly to Francis Feehan," he stated, "and believe that he is doing good work for this district. It is his enemies who framed up these preposterous statements."

A close frined of President Feehan stated today that the idea of a convetion when Feehan would resign was the last thing thought of. "On the face of it, the idea is preposterous." he said, "because of the approaching election this fall. The election of officials will occur in November. After serving this long in the year it would be hardly likely that Feehan would step out on no better excuse than just the mere statement of his enemies. No, sir, the statement is incorrect and is from the camps of those trying to do harm to the district organizaton."

ELEVATING THE STAGE.

Among the other commendable actions of the legislature of Pennsylvania at its recent session was the passage of an act known as the McNichol bill ,the purpose of which is to drive the nastiness out of the burlesque show, says the Altoona Tribune : Since the stage has shown no tendency to elevate itself the legislature may well be pardoned for trying its hand. Prohibition works very well sometimes, especially when public sentiment is back of it.

Chief of Police Zell of Harrisburg, has sent a letter to the managers of the theatres of that city, calling their particular attention to the provisions of the McNichol bill. It simply prohibits all immoral or sacrilegious plays or performances of whatever description, in theatres or other places and fixes the penalty for violating its provisions at a fine of not more than $1,000 or imprisonment for not more than a year, either or both, at the discretion of the court. Harrisburg's chief of police notifies the theatre managers that "all performances of which there is the least suspicion will be censored, and should there occur during the entertainment anything in the way of obscenity, suggestive jokes, indecent actions or remarks that might tend to corupt morals, the peformance will be immediately stopped by the police and the guilty party arrested." If he is the right sort of an officer he will make his word good if the law is not obeyed.

The Tribune supposes the proper authorities of the city will be as zealous in the enforcement of law as those of Harrisburg. There should never be any excuse for the existence of law-enforcement organizations in this city or elsewhere. This act governing burlesque shows is a good one.

ARE YOU READING A BOOK?

Summer brings some leisure to almost all. For some no change comes, alas. Winter or Summer, the time and pressure of work do not change. For most in Summer hours are shorter. Duties are fewer and less exacting. Time is less fully occupied. A margin of leisure comes.

What are you doing with it? Are you reading a book? Most of the world's wisdom is in books. Not all. Life, too, teaches. But books also teach. They bring the full life.

Are you reading books? There are one or two you have always meant to read. Read one of them now. Do not wait. Get it and begin. There are books you know you should read. For each of us there is some book you know counts, in work or for wisdom, still unread. Read it! Do not let the Summer pass without reading at least one book that brings growth.

PICKED UP IN PASSING

Fred Falkenberg, the lanky twirler of the Cleveland Americans, says Ty Cobb's one alleged weak spot in hitting is an asset. It is said Ty can't judge a low curve. Falky doubts if Cobb has just that one defect and he knows from experience that Ty can hit a low curve just as effectively as a high ball. even though he doesn't hit it as hard.

"I played for Ty's weakness a couple of times," said Falky, "and came to the conclusion that it would be better to give him a kind of ball he hits hard. relying on outguessing him. Other pitchers say the same thing.

"A batter does not hit a ball squarely when he cannot judge it. He just nips it. The balls Cobb just nips are the most dangerous ones. The ball rolls or bounds slowly, and his speed gives him dozens of hits on those slow infield taps. Cobb can hit anything and his speed enables him to do the rest.

"The same is true of Eddie Collins, only he isn't quite as fast to first base as Cobb. I would rather have either of them hit the ball good and hard to rolling it in the infield."

Falky says there is more to outguessing good batters than playing for their weakness.

"The good batters do not have real weak spots," he said. "The only way to fool them is to outguess them. Take Larry Lajoie. He would hit close to .700 if he knew whether every ball would be over the inside or outside corner of the plate. The corners bother more than curves or speed. Larry would hit almost every ball pitched. Those that were not hits would go to the fielders. The other free hitters of the American league—Cobb, Collins, Speaker and Crawford—would bat almost if not as well."

BITUMINOUS COAL TONNAGE INCREASES DURING SIX MONTHS

A considerable increase in the anthracite coal tonnage, a slight decrease in the bituminous coal tonnage and heavy decline in the coke tonnage during the first six months of the present year are shown by the June figures of internal commerce, just made public by the Bureau of Statistics of the Department of Commerce and Labor. Inasmuch as bituminous coal is used primarily for inductrial purposes, while coke is consumed chiefly by smelting furnaces, the figures would seem to indicate that the present depression in the iron trade is shared to a much smaller extent by other coal-using industries

The six month's shipments of bituminous coal by eight leading eastern coal roads for the first half of the present year aggregated 55,-489, 425 short tons, compared with 57,475, 998 short tons for the same period in 1910 and 46,673, 084 short tons for 1909. The larger roads, such as the Pennsylvania Lines East of Pittsburg, the Baltimore and Ohio, the New York Central and the Pittsburg and Lake Erie, show slightly smaller totals than a year ago, while the tonnage figures of the Buffalo, Rochester & Pittsburg and the Norfolk & Western show a larger volume of coal traffic than in 1910.

The quantities of soft coal moved by river for the six months of the present year show a large increase over the quantities thus moved in 1910. In particular, the coal traffic on the Monongahela river is given as 5,107, 962 short tons for the six months of the present year, compared with 4, 936,464 short tons for the first six months in 1910. The quantities of soft coal passing Davis Island dam during the first half of the present year are stated as 1,880,990 short tons, compared with 1,337,685 short tons in 1910. The amount of coal carried by way of the Louisville and Portland canal and falls of the Ohio river during the present year was 968, 262 short tons, compared with 828,641 short tons in 1910.

Boarder Shoots When Ordered Off Premises

Because his landlady ordered him to pack his trunk and go Naks Nowglosky of near Monongahela Monday pulled his revolver and after shooting the woman twice attempted to kill himself with a bullet in the head. Te affair created all manner of excitement at Manown which was the scene of the near tragedy.

Naks had been boarding at the home of Mrs. Mike Leser and it is said that he was ordered to vacate his quarters. On being thus informed it is alleged the foreigner at once pulled his revolver and fired two shots, one tearing out Mrs Leser's left eye, while the other imbedded itself in her forehead. As the woman fell the foreigner turned the revolver upon himself and pulled the trigger. The bullet entered the head near the ear and passed out at the top, the injury not being of a serious nature.

Nowglosky was arrested and at a preliminary hearing before Justice James Graham was held for court being lodged in the county jail. The injured woman's condition is serious.

Borrowed to Save.

Uncle Reuben, the village whitewasher and man of all work, was a frequent borrower of small sums from his neighbor, Colonel Arkwright, and as a rule he repaid these little debts at the appointed time. But on one occasion when he had been accommodated with a loan of $2.50, which he promised to return in a few days, he allowed two or three weeks to pass without making any mention of his indebtedness and, in fact, seemed to avoid his creditor. But one morning the colonel unexpectedly encountered him at the postoffice.

"Hello, Uncle Rube! Didn't you borrow a little money from me several weeks ago?"

"Dat's right, cunnel," said the old man. "I sholy did."

"You told me you'd pay it back in three or four days. Have you had bad luck?"

"No, suh," responded Uncle Reuben. "I'll tell you how it was, cunnel. I lacked jes' two dollahs an' a half o' havin' ten dollahs to put in de savin's bank, an' I used it fo' dat. It's all right, cunnel. I won't fo'git it."—Youth's Companion.

Insane English Monarchs.

George III. is the only British monarch who in modern times has been placed under restraint and deprived of his authority because of insanity, though similar measures were at one time contemplated with regard to his son, George IV., the monarch who has been described as "a bad son, a bad husband, a bad father, a bad subject, a bad monarch and a bad friend" and whose conduct while on the throne was characterized by an eccentricity which bordered on lunacy.

The insanity of George III. was really brought about by the dangerous illness of his youngest and favorite child, Princess Amelia. The unlikelihood of her recovery preyed upon him and hastened the attack of mental derangement which incapacitated him from reigning, although he had previously suffered from this malady. He died hopelessly insane at Windsor after losing his sight as well as his senses.—Pearson's.

How to Be Good.

Tommy is an impulsive little fellow, who doesn't always find it easy to live up to the expectations of his elders. When, one day, his Sunday school teacher asked him to tell the other members of the class the way to be good, Tommy gave this explanation: "Just think of the things you wanter do and don't never do 'em!"

ORDINANCE NO.....

An Ordinance, authorizing The Charleroi Telephone Company, its successors and assigns, to construct, maintain and operate its ducts, mains, pipes, cables, wires manholes, distributing poles and all other necessary underground appliances, on, in, under and through the streets, alleys and highways within the limits of the Borough of Charleroi, in the County of Washington and State of Pennsylvania; and prescribing the manner of placing the same, and regulating the use of the streets, alleys and highways by said company.

The Burgess and Town Council of the Borough of Charleroi, in the County of Washington and State of Pennsylvania, do ordain and enact as follows:

That permission be and is hereby granted to The Charleroi Telephone Company, its successors and assigns, to construct, maintain and operate its conduits, ducts, mains, pipes, cables, wires, manholes, distributing poles and all other necessary underground appliances on, in, under and through the streets, alleys and highways within the limits of the Borough of Charleroi, in the County of Washington and State of Pennsylvania; and to use the property of other companies and to permit such other companies enjoying franchise privileges within the Borough to use its property upon such arrangements as the two companies may agree.

Section 1. That all distributing poles erected by said Company shall be neat and symmetrical, and the length thereof shall not be less than thirty (30) feet above the surface of the ground, and shall be so located as in no way to interfere with the safety or convenience of persons traveling on or over the said streets, alleys and highways; and in the installation and maintenance of its underground system, said Company shall not open or encumber more of any street, alley or highway than will be necessary to enable it to perform the work with proper economy and efficiency, and further that conduits shall be laid in alleys where practicable.

Sec. 2. Before any conduits are laid or distributing poles erected on any street, alley or highway the said Company shall submit to Council a map or plan showing the approximate location of said conduits and distributing poles, and if approved by Council the same may be placed or laid. Should the Council fail to approve any map or plan as to the locations of any distributing poles, conduits or manholes, they shall designate some other location suitable for the purposes of said Company, and said Company shall replace and properly relay any sidewalk or street pavement which may have been displaced or damaged by it in the construction and maintenance of its system under the direction and supervision of Council or some authorized representative of Council.

Sec. 3. That space in the conduits constructed under the provisions of this ordinance shall be reserved, free of charge, for the purpose of carrying wires of any fire alarm or police telegraph system owned and maintained by said Borough, provided the said wires are placed and maintained in such a manner as may be prescribed by the said Company and in no case used to carry high tension currents.

Sec. 4. In the event of any change or changes in the grade or location, or the vacation of any street or alley by said Council, said Company shall, upon receiving written notice from Council so to do, make corresponding changes in its lines.

Sec. 5. That the said Company shall maintain all conduits, ducts, mains, pipes, manholes, distributing poles and all other apparatus erected or constructed under the provisions of this ordinance, in good and safe order and condition; and shall at all times fully indemnify, protect and save harmless the said Borough from and against all actions, claims, suits, damages and charges, and against all loss and necessary expenditures arising from the erection, construction and maintenance of its system; or from its neglect or failure to maintain the said apparatus in good and safe order and condition.

Sec. 6. The said The Charleroi Telephone Company, its successors and assigns, shall be governed by all legal ordinances of a general nature now in force or that may hereafter be enacted.

Sec. 7. That nothing in this ordinance shall be construed to grant unto the said Company any exclusive right, or to prevent a grant of similar privileges to other companies.

Sec. 8. That the said Company shall under its seal and by its proper officers, within sixty days from the date of the passage of this ordinance, signify in writing its acceptance of all the terms, conditions, regulations and restrictions in this ordinance contained; in default of which, this ordinance shall become null and void and of no effect.

Sec. 9. That upon the acceptance of this ordinance, as provided for in the preceding section, all ordinances, or parts of ordinances, conflicting with the provisions hereof, be and the same are hereby repealed, in so far as they affect the said Company.

Sec 10. That all legal advertising or printing fees incurred by the Borough of Charleroi, in the County of Washington and State of Pennsylvania, in connection with the passage of this ordinance, shall be paid by the said Company.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's remedies have done for me. For two years I suffered. The doctors said I had tumors, and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. Your Liver Pills have no equal as a cathartic. Any one wishing proof of what your medicines have done for me can get it from any druggist or by writing to me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mound St., Peoria, Ill.

Another Operation Avoided.

New Orleans, La.—"For years I suffered from severe female troubles. Finally I was confined to my bed and the doctor said an operation was necessary. I gave Lydia E. Pinkham's Vegetable Compound a trial first, and was saved from an operation."—Mrs. LILY PEYROUX, 1111 Kerlerec St., New Orleans, La.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

An English King's Death.

William Rufus was killed by an arrow, either accidental or with murderous intent. He died in the New forest. His body was stripped by tramps and the next day was found by a charcoal burner, who placed the naked corpse on his cart, hoping to receive a reward. On the way to Winchester the cart was upset, and the king's body fell in the mire. Covered with filth and black with charcoal, it arrived in Winchester, where it was buried in the cathedral. A few years later the tower fell and crushed the tomb, and 600 years after the Puritans rifled the grave and played football with the king's skull.

Quick Action.

A southern farmer was trying to sell a mule to a negro who two years before had been kicked on the head by the animal.

"Of course," said the farmer, "this mule kicks, but"—

"I don' wan' him," objected the colored man emphatically.

"Just because he kicks?" asked the farmer, with an air of contempt.

"Humph!" grunted the negro. "Dat mule don' kick; he shoots."—Popular Magazine.

A Witty Thief.

Munich has been visited by a thief with a sense of humor. Several days ago all the clocks in the ministry of railways came to a standstill. The central or "master clock," which controls all the others, had been stolen. In its place was a sheet of paper with the words, "Time was made for slaves."

Making a Hero.

A nourishing supper, a good night's sleep and a fine morning have often made a hero of the same man who by indigestion, a restless night and a rainy morning would have proved a coward.—Chesterfield.

Coming Down.

The Madam (with a hand to her head)—Is my hair coming down, Kate? The Maid—Yes, ma'am, in a minute. I'm going right upstairs for it now.—Yonkers Statesman.

"Well, this month's gas bill is one."—Blue Bull.

HEED THE WARNING!!

Backache is the Signal that Kidney Diseases are Nigh.

Who doesn't dread the advanced stages of kidney trouble—Bright's disease, dropsy and gravel.

But today throughout America, there are tens of thousands suffering the torments of hopeless agony just because they failed to heed the first signal, the certain warning of future misery—backache.

Bachache means that your kidneys are weak.

Stop kidney disease at the start, that's the easiest way and Thompson's Barosma is the surest remedy. W. F. Hennings' sells it, and is willing to guarantee it to stop backache, sideache and sharp shooting pains and to cure Bright's disease and any and all kidney, liver and bladder trouble, or money back.

It is a great maker of pure blood, and a builder of flesh, because it promptly cleans the kidneys and puts them in such perfect condition that the impurities are thoroughly strained from the blood as it passes through and are promptly eliminated with the urine. Thompson's Barosma is only 50 cents and $1.00 a bottle.

Fruit and Old Age.

Physiologists claim that growth from infancy to old age is a process of gradual ossification and that the stiffness of age is caused by the deposits of calcareous matter or earthy salts. Therefore a diet containing a large proportion of these salts, food rich in nitrogen, such as the cereals, beans, peas and meat, increases the natural tendency to ossification, says Health. For this reason a diet made up largely of fruit, which contains a minimum amount of this calcareous matter, is scientifically best adapted to persons in advancing years. Large eaters add to the liability of ossific deposits from overworking the eliminating organs by an excess of nutritive material until their healthful activity is destroyed, and the whole system suffers in consequence. Old age indicates less food and a maximum amount of fruit as the diet.

BASEBALL BINGLES

We hate to say it but Monongahela doesn't show very good sportsmanship at times. On Saturday a ball team from there came to Charleroi and when plainly beaten by the Lutherans in a square game began to take vengeance on the umpire, Peter Haywood. The game was squarely umpired yet the Monongahela boys went home and told about the "rotten" deal they had received. One newspaper took it for granted that they told the truth and said that Liggett would have won "but for the weird decisions of Umpire Haywood who took away Liggett's chance of winning by his raw decisions." That kind of gab makes us tired.

* * *

In the Pricedale bunch to come here Saturday will be seen familiar faces. All the Haywoods to be found in Pricedale will come along it is stated, and every blessed mother's son of them can play ball. Besides there will be Gene Elliott and Heise Eliott, Joe Guder and his brother and others well known here.

* * *

Brown Keene, Pittsburg's new first baseman is said to be a mighty good first corner man.

* * *

Scoops Carey, the fast fielder of the Pirates is only 21 years old. Talk about your chances for a brilliant future.

* * *

Sharon is after the O. and P. franchise formerly held bq New Castle.

* * *

Snodgrass who is tearing up ground in middle field now and who is the clean up hitter for the New York Nationals looks familiar to Charleroi folks who used to dislike to see him come to bat in P. O. M. times. Then he played with Fairmont behind the bat.

PRICEDALE TO PLAY LOCALS ON SATURDAY

Augmented by s uch players as Gene Elliott, late of the New York Americans, and Alex Sutherland who is at present with the Wheeling Central League team, the Pricedale nine will come to Charleroi Saturday to attempt conclusions that the Charleroi Independents. Both teams have been winning nearly all their games this season and there is much rivalry. The Pricedale team claims just as much right to the independent championship of this part of the valley as Charleroi.

Alex Sutherland will probably pitch for Pricedale and Guder will do the receiving. Either Charleroi Kiefer or Furnier will do the slab work with Makepeace doing the catching.

POOR BENEFIT TO BE PLAYED

Executives and Managers of Church League to Have Ball Game

ATTRACTION WEDNESDAY

As a benefit game for poor work in Charleroi a baseball nine composed of the Managers and Executive members of the Church league will play on Wednesday evening. There is considerable interest in the forthcoming struggle aside from the fact of it being a benefit, in that some of the old time players will take part. Every one must wear a uniform or he will not be allowed in the game.

R. A. Roberts will do the slab work for the Executives. Mr. Roberts pitched ball when in college and left his alma mater with a good record. It's really a question just who will do the catching, but it will have to be a good man for Roberts. Dr. Edwin McKay will be on first base. Dr. McKay, like Roberts played ball while in college and only year before last shone on first base corner for the Washington A[illegible]e Stech, formerly played with the Lutherans and was a crackerjack W. D. Pollock used to be [illegible]yer, to say nothing of such [illegible] Prof. I. T. Daniel, D. C. Whitlatch, Dennis Oates and John[illegible]nell.

Carroll Cummings of the First National bank is scheduled to start the game in the box for the Managers and Pierce Ferguson, also of the First National bank, is to do the catching. Behind this pair will range in order to be decided when the team lines up such a hard hitting bunch as the following: D. M. McCloskey, Fred Pieper, Jack Rickey, Berdell Clutter, J. Swearingen, Charles Steele and George Barnett.

TELEPHONE COMPANY WANT TO LAY UNDERGROUND LINES

Charleroi Company Presents Request to Council

TOLD TO COME BACK LATER

Matter to be Presented in Regular Form at Future Meeting

Not to be outdone by any competitors the Charleroi Telephone company through J. J. Hott and other representatives presented to council Monday night a request that they be granted the same privileges as those granted to the Bell Telephone company to lay their wires and conduits underground. Council told the representatives of the company to have a proposed ordinance printed and present the matter in regular form The ordinance is being printed today. Contrary to expectations the light question did not come up Monday night.

Reports of the burgess, tax collector and treasurer were read. Burgess George W. Risbeck reported that during the month of July there had been 60 arrests made, and that fines amounting to $79.90 had been assessed. Of this sum, $62.90 was paid, the balance being served out.

Tax Collector J. W. Mathias reported that during the month of July he had turned over to the treasurer for 1909 taxes the sum of $154 18 and for 1910 taxes the sum of $179 26 During the month of June, he reported that he had placed in the treasurer's hand the sum of $266.91 for 1909 taxes and the sum of $138.81 for 1910 taxes.

Borough Treasurer E.. W. Hastings made his report for the month ending July 15. It is summarized as follows:

Balance from last report	$1,098.20
Receipts	839.41
Overdraft	61,649.74
Total	$3,587.35
Disbursements	$3,587.35

Thomas Harington was present in the interests of the Pittsburg Railways company, asking for a siding on Railway alley so that material could be loaded and unloaded. The company would pave an 8-foot strip belonging to them on the exterior of where it was proposed to lay the track so that teams could have room. The matter was held over.

The matter of placing a light on Eleventh street near Lookout avenue was placed in the hands of Borough Engineer Paul G. Elder to investigate and to make a report to council. Mr. Elder was instructed to make a survey on Second street to determine whether it would be advisable to shange the grade in that street. Mrs. Bowser was present and asked for the grading of Shady avenue between Third and Fourth streets. Engineer Elder was given charge of the matter.

President J.K.Hein was in the chair and Councilmen Dr. A. O Davis, Oscar C. Linn and C O Frye.

Council adjourned to meen Friday when is is probable the matter of the light contract will come up

The convention proper of the Western Pennsylvania Firemen's Association opened today at Monongahela, with firemen present from all parts of the western end of the State This afternoon at 2 o'clock memorial services for deceased firemen were held, after the opening of the convention, and R. W. Irwin, Esq., of Washington made the memorial address.

The convention was opened at 2 o'clock by President Cunningham. The address of welcome was made by Mayor I. C. Isler. Crowds began arriving Monday and Monday night there was a large crowd on the streets. The carnival which was in full running order at Gregg's Bottom attracted much attention. Monongahela has extended wide open arms to the firemen.

CHURCH LEAGUE ENDS SEASON MONEY AHEAD

Expenditures of $825 Are Overbalanced by Receipts Which Amount to $900 or More

Fifty-six games of baseball in the Charleroi Church baseball league cost approximately $825 this year. But overbalancing this by about $00 there was $900 or more taken in as receipts. Treasurer C. S. McKean made a partial report of receipts and expenditures Monday evening to the Executive Committee of the league.

The largest item on the list of expenditures was that for repairing the grounds, amounting to about $250. The 56 games played required ten dozen balls which will cost in the aggregate $150. Umpires were paid $104.

The heaviest receipts were taken in for the game on Fourth of July afternoon, a Booster Day game and the Lutheran-Episcopal game near the close of the season.

Last year the total receipts were $921 90 and the expenditures were $[illegible] that a complete report of the expenditures and receipts this year will be published after next Monday night.

A communication was received from the secretary of the Brownsville Chuch league by the Executive committee asking for a game between the champion Lutherans of the Charleroi Church league and the the Brownsville league It was stated that the Lutherans could not get together again this season and the secretary was instructed to notify the Brownsville people to the effect that a picked team from the Church league here would play if they desired.

POISON CAUSED HICKMAN'S DEATH

Coroner's Jury Renders Verdict in Beaver County Case

TESTIMONY OF DOCTORS

Either strychnine or morphine or both caused the death of Charles Hickman the Beaver county wife murderer, at the Beaver county jail, according to the coroner's jury, which Monday night rendered a verdict. Hickman died a few hours before he was to be hung. The exact nature of the poison and the identity of the persons who administered it were not brought out.

The verdict of the Coroner's jury was as follows: "We find that Charles Hickman came to his death July 18, 1911, in the Beaver jail at 7:56 a. m from the effects of poison."

Physicians testified that although one-half grain of morphine has been known to kill, this amount had been given Hickman to induce sleep. The morphine was given in two doses. Physicians also testified that Hickman had been given strychnine to keep him alive. A trace of this drug was found in the dead man's liver. Strychnine was administered first and then morphine

Dr. Guy S. Shughart, present at the post-mortem, said that rigor mortis was very pronounced three hours after Hickman had died. Normally this does not begin until three hours after death. But Dr. Shugart said, strychnine starts it much earlier.

FIRE DESTROYS MUCH PROPERTY AT BROWNSVILLE

Fire which for a time threatened the business section of Brownsville, broke out late Monday night in the store of W. A. Griffin and caused a loss estimated at $25,000. It started in the offices of Dr. L. N. Reichard and was discovered by C. W. Rush, proprietor of the Alexander Hotel. The firemen did prompt and efficient work, subduing the flames after an hour's work.

The stocks of Griffin and Toth Brothers are almost a total loss. The loss to Griffin will be $20,000 and Toth brothers place their loss at $8,000. Dr L. N Reichard and C. C Reichard had charge of the state tuberculosis dispensary and laboratory, and instruments belonging to the state, valued at $1,000 were destroyed. The loss on the building is $3,000.

It is the year's greatest sale. Remnant Day at Berryman's, Charleroi, Thursday and Friday, August 10 and 11. 9-2-t

FIREMEN FIGHT AT CONVENTION

Fistic Engagement Mars the Opening Day at Monongahela

ONE MAN IN HOSPITAL

A near tragedy marred opening day at Monongahela of the firemen's convention. Some Etna and Verona firemen it is stated, while on a parade of the streets to the music of cow bells and other similar instruments of torture entered the store of Nick Pizzica. Objections were registered by music-loving foreigners there to their sort of noise and a fight ensued One Etna man was stabbed, another had his face badly beaten and a third, John Loar was laid out by a blow above the heart. Six foreigners were arrested and fined each $5 and costs by Mayor Isler. Loar is still at the hospital recovering from his injury.

COMMISSIONERS OPEN BIDS FOR RESURFACING TWO COUNTY HIGHWAYS

The county commissioners Monday opened bids for the resurfacing of two pieces of road in the county. One leads from the borough line of Washington to the McClane bridge, a distance of one and a half miles and is known as the Locust avenue road The other leads from McDonald through the lands of Edward McDonald, a distance of one mile.

The bids were taken for different kinds of material such as warranted surfacing. anneisite, tarvia, asphaltic concrete and bituminous material Bids were received on all of these materials but they were not tabulated by the engineers and no contracts were let. As soon as the tabulations are completed the successful bidders will be announced.

Donora Will Get Synagogue

Hebrew People Plan Erection of $6,000 Edifice at Steel Town

The contract for the erection of a new synagogue at Donora has been let by the Hebrew congregation of that place to the Allen Lumber company. The new synagogue will cost $6,000 and will contain a basement room and an imposing auditorium The Donora Hebrew congregation which is known as the Congregation of Ohaw Sholam was organized eight years ago and has had a prosperous history. The present officers are Adolph Moscovitz, president; Louis Fried, secretary; Ben Roth, treasurer and Morris Wise, trustee. The congregation has no rabbi at present but will take steps to secure a regular man after the edifice is erected.

FEARED A WHIPPING

Donora Boy Went to Railroad and Was Run Over

CORONER'S INQUEST HELD

Coroner James T. Heffran held an inquest this morning at Donora into the death of Roddy Sargeant, the 8-year old boy who was killed there last week and a verdice of accidental death was rendered. The verdict was:

"We, the jury, find that Roddy Sargeant came to his death on Friday August 4 from shock arising from injuries received in being run over by Train No 2336 on the P. V. & C. railroad. We further find the accident resulted from the child being on the railroad through fear of correction from the father We exonerat the parent and the railroad men from any blame."

At the inquest it was brought out that the boy with another young chap his own age were upon the tracks eseep but noe awoke in time to escape.

WILL NOT LOSE SIGHT AS AT FIRST FEARED

Michael Patritch, the 18-year old youth who last week sustained serious injuries from an explosion of gasoline, will not lose his sight, according to physicians. It was at first thought the young man would lose his sight entirely, his eyes having been fearfully burned. He was otherwise much burned about the face and upper part of the body but will recover.

No Special Convention of Miners to be Called

FEENEY NOT A CANDIDATE

Charleroi Man Not Out for District Honor--Is Friend of Feehan

Friends of Francis Feehan, president of District No. 5. United Workers. deny that a special convention will be called in the near future of the miners of this district for the purpose announced of President Feehan resigning his office. Statements have been issued stating that such a convention would be held. but Mr Feehan and his friends state that no such thing is even thought of.

With the same statement came the announcement that Assemblyman William Feeney, of Charleroi, was slated to succeed Mr. Feehan as president, and this seemed to be rather galling to those who furnished the news..

Mr. Feeney this morning stated that he had not been appointed by any of the miners with the request that he be placed on the slate to succeed Feehan.

"It's true that I am friendly to Francis Feehan," he stated, "and believe that he is doing good work for this district. It is his enemies who framed up these preposterous statements."

A close friend of President Feehan stated today that the idea of a convetion when Feehan would resign was the last thing thought of. "On the face of it, the idea is preposterous." he said, "because of the approaching election this fall The election of officials will occur in November. After serving this long in the year it would be hardly likely that Feehan would step out on no better excuse than just the mere statement of his enemies. No, sir, the statement is incorrect and is from the camps of those trying to do harm to the district organizaton."

ELEVATING THE STAGE

Among the other commendable actions of the legislature of Pennsylvania at its recent session was the passage of an act known as the McNichol bill ,the purpose of which is to drive the nastiness out of the burlesque show, says the Altoona Tribune Since the stage has shown no tendency to elevate itself the legislature may well be pardoned for trying its hand. Prohibition works very well sometimes, especially when public sentiment is back of it

Chief of Police Zell of Harrisburg has sent a letter to the managers of the theatres of that city, calling their particular attention to the provisions of the McNichol bill It simply prohibits all immoral or sacrilegious plays or performances of whatever description. in theatres or other places and fixes the penalty for violating its provisions at a fine of not more than $1,000 or imprisonment for not more than a year, either or both, at the discretion of the court Harrisburg's chief of police notifies the theatre managers that "all performances of which there is the least suspicion will be censored, and should there occur during the entertainment anything in the way of obscenity, suggestive jokes. indecent actions or remarks that might tend to corupt morals, the peformance will be immediately stopped by the police and the guilty party arrested" If he is the right sort of an officer he will make his word good if the law is not obeyed

The Tribune supposes the proper authorities of the city will be as zealous in the enforcement of law as those of Harrisburg There should never be any excusefor the existence of law-enforcement organizations in this city or elsewhere This act governing burlesque shows is a good one.

ARE YOU READING A BOOK?

Summer brings some leisure to almost all. For some no change comes, alas. Winter or Summer, the time and pressure of work do not change. For most in Summerhours are shorter. Duties are fewer and less exacting. Time is less fully occupied. A margin of leisure comes.

What are you doing with it? Are you reading a book? Most of the world's wisdom is in books. Not all Life, too, teaches. But books also teach. They bring the full life

Are you reading books? There are one or two you havealways meant to read Read one of them now. Do not wait. Get it and begin There are books you know you should read For each of us there is some book you know counts, in work or for wisdom, still unread Read it! Do not let the Summer pass without reading at least one book that brings growth

PICKED UP IN PASSING

Fred Falkenberg. the lanky twirler of the Cleveland Americans, says Ty Cobb's one alleged weak spot in hitting is an asset It is said Ty can't judge a low curve Falky doubts if Cobb has just that one defect and he knows from experience that Ty can hit a low curve just as effectively as a high ball. even though he doesn't hit it as hard.

"I played for Ty's weakness a couple of times," said Falky, "and came to the conclusion that it would be better to give him a kind of ball he hits hard. relying on outguessing him Other pitchers say the same thing

"A batter does not hit a ball squarely when he cannot judge it. He just nips it The balls Cobb just nips are the most dangerous ones The ball rolls or bounds slowly, and his speed gives him dozens of hits on those slow infield taps. Cobb can hit anything and his speed enables him to do the rest

"The same is true of Eddie Collins, only he isn't quite as fast to first base as Cobb. I would rather have either of them hit the ball good and hard to rolling it in the infield."

Falky says there is more to outguessing good batters than playing for their weakness

"The good batters do not have real weak spots," he said. "The only way to fool them is to outguess them. Take Larry Lajoie. He would hit close to .700 if he knew whether every ball would be over the inside or outside corner of the plate The corners bother more than curves or speed Larry would hit almost every ball pitched. Those that were not hits would go to the fielders. The other free hitters of the American league—Cobb. Collins. Speaker and Crawford—would bat almost if not as well."

BITUMINOUS COAL

TONNAGE INCREASES DURING SIX MONTHS

A considerable increase in the anthracite coal tonnage. a slight decrease in the bituminous coal tonnage and heavy decline in the coke tonnage during the first six months of the present year are shown by the June figures of internal commerce. just made public by the Bureau of Statistics of the Department of Commerce and Labor. Inasmuch as bituminous coal is used primarily for industrial purposes. while coke is consumed chiefly by smelting furnaces. the figures would seem to indicate that the present depression in the iron trade is shared to a much smaller extent by other coal-using industries

The six month's shipments of bituminous coal by eight leading eastern coal roads for the first half of the present year aggregated 55,489. 425 short tons. compared with 57,475, 998 short tons for the same period in 1910 and 46,673, 084 short tons for 1909. The larger roads. such as the Pennsylvania Lines East of Pittsburg. the Baltimore and Ohio. the New York Central and the Pittsburg and Lake Erie, show slightly smaller totals than a year ago, while the tonnage figures of the Buffalo. Rochester & Pittsburg and the Norfolk & Western show a larger volume of coal traffic than in 1910.

The quantities of soft coal moved by river for the six months of the present year show a large increase over the quantities thus moved in 1910 In particular, the coal traffic on the Monongahela river is given as 5,107, 962 short tons for the six months of the present year, compared with 4, 936,464 short tons for the first six months in 1910 The quantities of soft coal passing Davis Island dam during the first half of the present year are stated as 1,880,990 short tons compared with 1,337,685 short tons in 1910. The amount of coal carried by way of the Louisville and Portland canal and falls of the Ohio river during the present year was 968, 262 short tons, compared with 823,641 short tons in 1910

Boarder Shoots When Ordered Off Premises

Because his landlady ordered him to pack his trunk and go Naks Nowglosky of near Monongahela Monday pulled his revolver and after shooting the woman twice attempted to kill himself with a bullet in the head Te affair created all manner of excitement at Manown which was the scene of the near tragedy.

Naks had been boarding at the home of Mrs. Mike Leser and it is said that he was ordered to vacate his quarters On being thus informed it is alleged the foreigner at once pulled his revolver and fired two shots, one tearing out Mrs Leser's left eye, while the other imbedded itself in her forehead As the woman fell the foreigner turned the revolver upon himself and pulled the trigger. The bullet entered the head near the ear and passed out at the top, the injury not being of a serious nature

Nowglosky was arrested and at a preliminary hearing before Justice James Graham was held for court being lodged in the county jail The injured woman's condition is serious.

Borrowed to Save.

Uncle Reuben, the village whitewasher and man of all work, was a frequent borrower of small sums from his neighbor, Colonel Arkwright, and as a rule he repaid these little debts at the appointed time. But on one occasion when he had been accommodated with a loan of $2.50, which he promised to return in a few days, he allowed two or three weeks to pass without making any mention of his indebtedness and, in fact, seemed to avoid his creditor. But one morning the colonel unexpectedly encountered him at the postoffice.

"Hello, Uncle Rube! Didn't you borrow a little money from me several weeks ago?"

"Dat's right, cunnel," said the old man. "I sholy did."

"You told me you'd pay it back in three or four days. Have you had bad luck?"

"No, suh," responded Uncle Reuben. "I'll tell you how it was, cunnel. I lacked jes' two dollahs an' a half o' havin' ten dollahs to put in de savin's bank, an' I used it fo' dat. It's all right, cunnel. I won't fo'git it."—Youth's Companion.

Insane English Monarchs.

George III. is the only British monarch who in modern times has been placed under restraint and deprived of his authority because of insanity, though similar measures were at one time contemplated with regard to his son, George IV., the monarch who has been described as "a bad son, a bad husband, a bad father, a bad subject, a bad monarch and a bad friend" and whose conduct while on the throne was characterized by an eccentricity which bordered on lunacy.

The insanity of George III. was really brought about by the dangerous illness of his youngest and favorite child, Princess Amelia. The unlikelihood of her recovery preyed upon him and hastened the attack of mental derangement which incapacitated him from reigning, although he had previously suffered from this malady. He died hopelessly insane at Windsor after losing his sight as well as his senses.—Pearson's.

How to Be Good.

Tommy is an impulsive little fellow, who doesn't always find it easy to live up to the expectations of his elders. When, one day, his Sunday school teacher asked him to tell the other members of the class the way to be good, Tommy gave this explanation: "Just think of the things you wanter do and don't never do 'em!"

ORDINANCE NO.....

An Ordinance, authorizing The Charleroi Telephone Company, its successors and assigns, to construct, maintain and operate its ducts, mains, pipes, cables, wires manholes, distributing poles and all other necessary underground appliances, on, in, under and through the streets, alleys and highways within the limits of the Borough of Charleroi, in the County of Washington and State of Pennsylvania; and prescribing the manner of placing the same, and regulating the use of the streets, alleys and highways by said company.

The Burgess and Town Council of the Borough of Charleroi, in the County of Washington and State of Pennsylvania, do ordain and enact as follows:

That permission be and is hereby granted to The Charleroi Telephone Company, its successors and assigns, to construct, maintain and operate its conduits, ducts, mains, pipes, cables, wires, manholes, distributing poles and all other necessary underground appliances on, in, under and through the streets, alleys and highways within the limits of the Borough of Charleroi, in the County of Washington and State of Pennsylvania; and to use the property of other companies and to permit such other companies enjoying franchise privileges within the Borough to use its property upon such arrangements as the two companies may agree.

Section 1. That all distributing poles erected by said Company shall be neat and symmetrical, and the length thereof shall not be less than thirty (30) feet above the surface of the ground, and shall be so located as in no way to interfere with the safety or convenience of persons traveling on or over the said streets, alleys and highways; and in the installation and maintenance of its underground system, said Company shall not open or encumber more of any street, alley or highway than will be necessary to enable it to perform the work with proper economy and efficiency, and further that conduits shall be laid in alleys where practicable.

Sec. 2. Before any conduits are laid or distributing poles erected on any street, alley or highway the said Company shall submit to Council a map or plan showing the approximate location of said conduits and distributing poles, and if approved by Council the same may be placed or laid. Should the Council fail to approve any map or plan as to the locations of any distributing poles, conduits or manholes, they shall designate some other location suitable for the purposes of said Company, and said Company shall replace and properly relay any sidewalk or street pavement which may have been displaced or damaged by it in the construction and maintenance of its system under the direction and supervision of Council or some authorized representative of Council.

Sec. 3. That space in the conduits constructed under the provisions of this ordinance shall be reserved, free of charge, for the purpose of carrying wires of any fire alarm or police telegraph system owned and maintained by said Borough, provided the said wires are placed and maintained in such a manner as may be prescribed by the said Company and in no case used to carry high tension currents.

Sec. 4. In the event of any change or changes in the grade or location, or the vacation of any street or alley by said Council, said Company shall, upon receiving written notice from Council so to do, make corresponding changes in its lines.

Sec. 5. That the said Company shall maintain all conduits, ducts, mains, pipes, manholes, distributing poles and all other apparatus erected or constructed under the provisions of this ordinance, in good and safe order and condition; and shall at all times fully indemnify, protect and save harmless the said Borough from and against all actions, claims, suits, damages and charges, and against all loss and necessary expenditures arising from the erection, construction and maintenance of its system; or from its neglect or failure to maintain the said apparatus in good and safe order and condition.

Sec. 6. The said The Charleroi Telephone Company, its successors and assigns, shall be governed by all legal ordinances of a general nature now in force or that may hereafter be enacted.

Sec. 7. That nothing in this ordinance shall be construed to grant unto the said Company any exclusive right, or to prevent a grant of similar privileges to other companies.

Sec. 8. That the said Company shall under its seal and by its proper officers, within sixty days from the date of the passage of this ordinance, signify in writing its acceptance of all the terms, conditions, regulations and restrictions in this ordinance contained; in default of which, this ordinance shall become null and void and of no effect.

Sec. 9. That upon the acceptance of this ordinance, as provided for in the preceding section, all ordinances, or parts of ordinances, conflicting with the provisions hereof, be and the same are hereby repealed, in so far as they affect the said Company.

Sec 10. That all legal advertising or printing fees incurred by the Borough of Charleroi, in the County of Washington and State of Pennsylvania, in connection with the passage of this ordinance, shall be paid by the said Company.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's remedies have done for me. For two years I suffered. The doctors said I had tumors, and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. Your Liver Pills have no equal as a cathartic. Any one wishing proof of what your medicines have done for me can get it from any druggist or by writing to me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTENA REED, 105 Mound St., Peoria, Ill.

Another Operation Avoided.

New Orleans, La.—"For years I suffered from severe female troubles. Finally I was confined to my bed and the doctor said an operation was necessary. I gave Lydia E. Pinkham's Vegetable Compound a trial first, and was saved from an operation."—Mrs. LILY PEYROUX, 1111 Kerlerec St., New Orleans, La.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

An English King's Death.

William Rufus was killed by an arrow, either accidental or with murderous intent. He died in the New forest. His body was stripped by tramps and the next day was found by a charcoal burner, who placed the naked corpse on his cart, hoping to receive a reward. On the way to Winchester the cart was upset, and the king's body fell in the mire. Covered with filth and black with charcoal, it arrived in Winchester, where it was buried in the cathedral. A few years later the tower fell and crushed the tomb, and 600 years after the Puritans rifled the grave and played football with the king's skull.

Quick Action.

A southern farmer was trying to sell a mule to a negro who two years before had been kicked on the head by the animal.

"Of course," said the farmer, "this mule kicks, but"—

"I don' wan' him," objected the colored man emphatically.

"Just because he kicks?" asked the farmer, with an air of contempt.

"Humph!" grunted the negro. "Dat mule don' kick; he shoots."—Popular Magazine.

A Witty Thief.

Munich has been visited by a thief with a sense of humor. Several days ago all the clocks in the ministry of railways came to a standstill. The central or "master clock," which controls all the others, had been stolen. In its place was a sheet of paper with the words, "Time was made for slaves."

Making a Hero.

A nourishing supper, a good night's sleep and a fine morning have often made a hero of the same man who by indigestion, a restless night and a rainy morning would have proved a coward.—Chesterfield.

Coming Down.

The Madam (with a hand to her head)—Is my hair coming down, Kate? The Maid—Yes, ma'am, in a minute. I'm going right upstairs for it now.—Yonkers Statesman.

Giving an Example.

"Pa, what's a metrical romance?"

"Well, this month's gas bill is one."—Blue Bull.

HEED THE WARNING!!

Backache is the Signal that Kidney Diseases are Nigh.

Who doesn't dread the advanced stages of kidney trouble—Bright's disease, dropsy and gravel.

But today throughout America, there are tens of thousands suffering the torments of hopeless agony just because they failed to heed the first signal, the certain warning of future misery—backache.

Bachache means that your kidneys are weak.

Stop kidney disease at the start, that's the easiest way and Thompson's Barosma is the surest remedy. W. F. Hennings' sells it, and is willing to guarantee it to stop backache, sideache and sharp shooting pains and to cure Bright's disease and any and all kidney, liver and bladder trouble, or money back.

It is a great maker of pure blood, and a builder of flesh, because it promptly cleans the kidneys and puts them in such perfect condition that the impurities are thoroughly strained from the blood as it passes through and are promptly eliminated with the urine. Thompson's Barosma is only 50 cents and $1.00 a bottle.

Fruit and Old Age.

Physiologists claim that growth from infancy to old age is a process of gradual ossification and that the stiffness of age is caused by the deposits of calcareous matter or earthy salts. Therefore a diet containing a large proportion of these salts, food rich in nitrogen, such as the cereals, beans, peas and meat, increases the natural tendency to ossification, says Health. For this reason a diet made up largely of fruit, which contains a minimum amount of this calcareous matter, is scientifically best adapted to persons in advancing years. Large eaters add to the liability of ossific deposits from overworking the eliminating organs by an excess of nutritive material until their healthful activity is destroyed, and the whole system suffers in consequence. Old age indicates less food and a maximum amount of fruit as the diet.

BASEBALL BINGLES

We hate to say it but Monongahela doesn't show very good sportsmanship at times. On Saturday a ball team from there came to Charleroi and when plainly beaten by the Lutherans in a square game began to take vengeance on the umpire, Peter Haywood. The game was squarely umpired yet the Monongahela boys went home and told about the "rotten" deal they had received. One newspaper took it for granted that they told the truth and said that Liggett would have won "but for the weird decisions of Umpire Haywood who took away Liggett's chance of winning by his raw decisions." That kind of gab makes us tired.

* * *

In the Pricedale bunch to come here Saturday will be seen familiar faces. All the Haywoods to be found in Pricedale will come along it is stated, and every blessed mother's son of them can play ball. Besides there will be Gene Elliott and Heise Eliott, Joe Guder and his brother and others well known here.

* * *

Brown Keene, Pittsburg's new first baseman is said to be a mighty good first corner man.

* * *

Scoops Carey, the fast fielder of the Pirates is only 21 years old. Talk about your chances for a brilliant future.

* * *

Sharon is after the O. and P. franchise formerly held by New Castle.

* * *

Snodgrass who is tearing up ground in middle field now and who is the clean up hitter for the New York Nationals looks familiar to Charleroi folks who used to dislike to see him come to bat in P. O. M. times. Then he played with Fairmont behind the bat.

PRICEDALE TO PLAY LOCALS ON SATURDAY

Augmented by s uch players as Gene Elliott, late of the New York Americans, and Alex Sutherland who is at present with the Wheeling Central League team, the Pricedale nine will come to Charleroi Saturday to attempt conclusions that the Charleroi Independents. Both teams have been winning nearly all their games this season and there is much rivalry. The Pricedale team claims just as much right to the independent championship of this part of the valley as Charleroi.

Alex Sutherland will probably pitch for Pricedale and Guder will do the receiving. For Charleroi Kiefer or Furnier will do the slab work with Makepeace doing the catching.

POOR BENEFIT TO BE PLAYED

Executives and Managers of Church League to Have Ball Game

ATTRACTION WEDNESDAY

As a benefit game for poor work in Charleroi a baseball nine composed of the Managers and Executive members of the Church league will play on Wednesday evening. There is considerable interest in the forthcoming struggle aside from the fact of it being a benefit, in that some of the old time players will take part. Every one must wear a uniform or he will not be allowed in the game.

R. A. Roberts will do the slab work for the Executives. Mr. Roberts pitched ball when in college and left his alma mater with a good record. It's really a question just who will do the catching, but it will have to be a good man for Roberts. Dr. Edwin McKay will be on first base. Dr. McKay, like Roberts played ball while in college and only year before last shone on first base corner for the Washington Avenue Joe Stech, formerly played with the Lutherans and was a crackerjack. W. D. Pollock used to be some player, to say nothing of such men as Prof. I. T. Daniel, D. C. Whitlatch, Dennis Oates and John Cornell.

Carroll Cummings of the First National bank is scheduled to start the game in the box for the Managers and Pierce Ferguson, also of the First National bank, is to do the catching. Behind this pair will range in order to be decided when the team lines up such a hard hitting bunch as the following: D. M. McCloskey, Fred Pieper, Jack Rickey, Berdell Clutter, J. Swearingen, Charles Steele and George Barnett.

Competitor complained to us yesterday that our Dollar Shoe Sale hurt business. We told him it benefited several thousand people, and that "ADOLPH" was here for the people's benefit. Although we're benefiting thousands more than last year, assortments are as full To-Day as on opening day, because we prepared far more abundantly. Selling several hundred pairs a day, though, will tell soon. Come To-Day, bring the whole family and settle the shoe problem for months to come.
